04	Marine Automation · Electrical & Power	10
05	DP Suite	12
06	Why Sinor Marine · Technology Partners	14

“Accuracy creates credibility.
Credibility creates trust.”

NAVEEN THANDARATH · GENERAL MANAGER

Engineering reliable marine automation since 2024.

Sinor Marine Services is a specialist in Dynamic Positioning, Marine Automation and Integrated Offshore Systems — supporting offshore vessels with reliable, class-compliant DP, electrical and automation solutions.

GUIDING PRINCIPLES

Engineering integrity	0% ERROR TOLERANCE
Ownership & accountability	THROUGH SIGN-OFF
Operational excellence	UNDER DEMANDING SCHEDULES
Innovation	ALIGNED WITH OFFSHORE STANDARDS

BY THE NUMBERS

20+	100+	40+	98%
YEARS EXPERIENCE	PROJECTS COMPLETED	COUNTRIES SERVED	CLIENT SATISFACTION

Class-approved DP systems & Z-Thrust thruster controls.

DP Systems

DP system installation & commissioning · Annual DP trials · FMEA documentation · DP operator training & system upgrades

Z-Thrust Thruster Control

PLC-based independent control solution · Independent steering system · Propulsion integration · System diagnostics & monitoring · Reliable maneuvering control

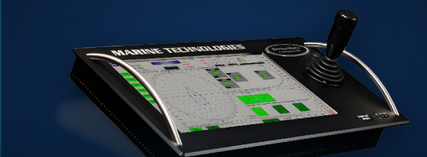
DP SYSTEMS

Dynamic Positioning Systems.

As authorised representatives of the two major DP manufacturers — Marine Technologies (MT) and NAVIS Engineering — we deliver type-approved DP systems with full OEM backing.

NAVIS Engineering

NAV DP 4000 Class DP System · NJOY Joystick Control · Fuel Saving Modes · Compact Bridge Footprint



Marine Technologies

Integrated Bridge Systems (IBS) · DP Class I, II & III · Thruster Control Systems · Position Keeping & Remote DP

REAL-TIME POSITION CONTROL REDUNDANT ARCHITECTURE CLASS APPROVED · DNV · ABS · LLOYD'S REGISTER

DP reference systems, sensors & navigation instruments.

A focused lineup of DP reference systems & sensors, motion and inertial systems, and navigation instruments from trusted manufacturers.

01 DGPS / DGNSS

FUGRO

02 Hydroacoustic Systems

SONARDYNE

05 Motion Reference Unit (MRU)

SINOR MARINE TECHNOLOGIES · MARINE TECHNOLOGIES · INERTIAL LAB · NAVIS

06 Inertial Navigation System

SONARDYNE SPRINT-NAV

03 Laser, Optical & Radar PRS

CYSCAN · RADASCAN

04 Taut Wire Position Reference

SMT (UK)

07 Wind Sensors

R. M. YOUNG · OBSERVATOR

08 Gyrocompass & Navigation

MARINE COMPLIANT

04 · MARINE AUTOMATION

Vessel automation, engineered for uptime.

Engine Room Automation	CLASS-COMPLIANT
Cargo Monitoring Systems	OSV · TANKER
Alarm & Monitoring (AMS)	IMO COMPLIANT
PLC Programming & Upgrades	MULTI-OEM
System Integration	BRIDGE-WIDE

INTEGRATED CONTROL IMPROVING VESSEL EFFICIENCY AND REDUCING OPERATIONAL COSTS.

04 · ELECTRICAL & POWER

Marine electrical and power systems.

Power Management Systems	HV / LV
Switchboard Upgrades	MV / LV
Cable Installation & Surveys	IEC COMPLIANT
Frequency Power Converter	IEC 80005-3

POWER SYSTEMS ENGINEERED FOR RELIABILITY AND CLASS COMPLIANCE.

DP Suite

DPO DECISION SUPPORT & TRAINING PLATFORM

A joint initiative by **Sinor Marine Services** and **Xplisi Technologies** - combining proven DP system engineering with deep offshore operational experience to deliver an integrated decision support platform that empowers DP Operators, Masters, and vessel owners.

A Complete Operations Platform
— a total solution, not just software.

01	ASOG Monitor	02	CAM / TAM / SIMOPS
03	DP Checklists	04	Risk Assessment
05	AI Manual Assistant	06	Human Factors
07	Drills & Scheduling	08	Standing Orders & FAM
09	Document Control	10	Activity Logging
11	Role-Based Access	12	Fully Configurable
13	Locked Workflow	14	Live Chat with Office
15	Incident Reporting	16	Live DP Integration

For Masters & DPOs

Clear, real-time guidance on what to do and when
Automated ASOG status tracking
Confidence during critical situations

For Vessel Owners & Managers

Full visibility into vessel DP status
Regulatory compliance and audit trails
Reduced operational risk and liability

For DP Training Centers

Real operational scenarios for hands-on training
Scenario-based ASOG decision exercises
Measurable trainee competency outcomes

Why choose Sinor Marine Services?

Over 20 years of hands-on DP engineering experience forms the foundation of our technical capability — delivering reliable, class-compliant solutions for offshore and commercial vessels.

01

Certified Engineers

Class-approved service providers and OEM-certified technicians supporting every scope.

02

Global Coverage

Delivered projects across 40+ countries with local mobilisation from key offshore hubs.

03

Quality Assured

Multi-specialised engineering team committed to technical accuracy and zero-error delivery.

04

24/7 Support

Around-the-clock technical assistance and engineer dispatch for urgent operational needs.

ISO 9001:2015
QUALITY MANAGEMENT

ISO 14001:2015
ENVIRONMENTAL MANAGEMENT

ISO 45001:2018
OCCUPATIONAL HEALTH & SAFETY

Trusted by global engineering leaders.

NAVIS ENGINEERING · MT · Sonardyne · FUGRO · GUIDANCE MARINE · SMT · WOODWARD · VACON · ABB · SIEMENS · Schneider Electric · DEIF

One partner. Twelve world-class brands. Limitless capability.

TYPE-APPROVED EQUIPMENT · GENUINE SPARES · FACTORY-TRAINED ENGINEERS · LIFECYCLE SUPPORT
